

The Class of 2024 - 25

How to Submit your Weekly Blog Posts

Important Reminder and Best Practices

The MKE member 'submit post' page is responsive to all screen sizes on all devices for viewing. We recommend using your computer with a private browser window for entering data, not your phone.

Best Practice: Use Brave, Firefox or Chrome (Incognito) for all your online work for ongoing privacy, security and online efficiency in data entry and editing.

Basic Procedure

If you haven't already reviewed the 'get organized' page - you'll want to do it now.

[Get Organized](#)

If you've already organized 😊 and written your post and it's ready to submit...

[Click here to open the Submit Post link:](#)

1. Choose an image from our Photo Library to display at the top of each post.

- Click on the type of photo you want to access and the page will open that photo album.
- [Click here to go to the photo library](#)

2. Follow the instructions on the website page to download a photo to your computer.

- Change the file name to whatever works for you as you download it.
- Remember to add it to your 'featured image' folder so you stay organized.

3. Click on the link (step 3) in the album you have selected to go to 'submit post'

- The password you'll need to open the form is: **MKErocks**.
- Complete the form by following the directions and hit the Submit button to finish.

Now you've got a basic understanding how to submit your blog post...
